

Written report of the IPEX Information Officer on the work of IPEX in 2020

Two landmark events have shaped the work of IPEX in 2020: first, the global COVID-19 pandemic has brought parliamentary and inter-parliamentary activities to an abrupt standstill, in the first semester of 2020, and then has deeply reshaped their tools and formats. The aftermath of these changes will surely be felt for some years to come. The second major event was the development and (planned) launch of the next generation of the IPEX platform, in its 3rd version. As with anything else around the world, the pandemic has brought out a number of challenges in the planned project calendar.

1. Website statistics

In 2020, 426.136 unique visitors have called up the IPEX platform, following the general progressive trend of previous years (2019: 342.355; 2018: 305.000; 2017: 307.737). The number of pages viewed – 25.383.775 million – is lower than the record of 2019 (the highest registered so far), but still far above the previous years (2109: 43.097.236; 2018: 15.939.723; 2017: 5.736.506).

Relative to the full deployment and establishment of IPEX V2 in late 2011/2012, the number of visitors and pages visited is seeing an upward trend over time, even when taking into account the challenges and disruptions of 2020: at a lower number of pages visited in 2020, the number of visitors has grown year-on-year with almost 20%.

The addition of dedicated subpages for established and newer inter-parliamentary conferences (IPCs) - COSAC, Inter-Parliamentary Conference for the Common Foreign and Security Policy and the Common Security and Defence Policy (CFSP/CSDP), Interparliamentary Conference on Stability, Economic Coordination and Governance in the European Union, Joint Parliamentary Scrutiny Group (JPSG) on the European Union Agency for Law Enforcement Cooperation (Europol) and the first Interparliamentary Committee Meeting on the Evaluation of EUROJUST's Activities - have augmented the traffic and brought more interest in inter-parliamentary cooperation and its formats in the EU.

Upload of documents and dossiers

IPEX publishes currently over 112.000 pages from national parliaments and the European Union institutions, holding scrutiny related information in over 84.000 documents produced by national Parliaments and linked to some 12.000 dossiers¹. In 2020, the total number of legislative and non-legislative documents recorded in IPEX, was 1092 (2019: 812; 2018: 1053; 2017: 1064; 2016: 805).

Documents and scrutiny updates from national Parliaments

Related to the legislative proposals in 2020, national parliaments uploaded 5.168 scrutiny related pages² (2019: 3.784; 2018: 5.799: 2017: 3.588; 2016: 6.624).

¹ As of 15 January 2021 (n.a.)

² Idem

Number of dossiers added to the IPEX database³

The volume of documents and dossiers added to the database by national Parliaments has seen a rise in comparison to 2019, but following the patter of scrutiny activities performed in the national assemblies over the past years, despite the exceptional circumstances.

Political dialogue files uploaded by national Parliaments into the IPEX database in 2020⁴

³ Idem

⁴ The result is expressing all documents uploaded on IPEX by national Parliaments and labelled as Political dialogue files, with a transmission date attributed between 1 January - 31 December 2020, including for procedures started in 2019 (data centralized and verified by the Information Officer and the national Correspondents, 15 February 2021)

3. News from Parliaments on IPEX

In 2020, 60 news articles on European Affairs-related issues were submitted for publication in the News from Parliaments section, with materials coming from 16 contributors (mono- and bicameral):

In 2019, the IPEX Twitter account #IPEXEU was launched during the Annual IPEX National Correspondents Meeting in Vienna (November). After a year of #IPEXEU being part of the Social Media Strategy of IPEX, the hashtag has established its role in the future social media and communication activities of IPEX, for example running a teaser campaign for the upcoming launch of IPEX V3 or disseminating information about activities of the parliamentary dimension of EU presidencies.
